KODAH

FEATURES

- Unique large scale with modern, linear proportions
- Multiple face textures for each block size creates a natural quarried and random look
- Retaining walls and double-sided freestanding walls possible with the wall block. Blocks are finished on both the front and back faces and are tapered on each side approximately 38 mm from the front to the back of the block.
- Corner blocks can be used to construct columns, provide a finished end on a freestanding wall, and make 90° corners. Blocks are finished on three sides, and the fourth side is tapered to fit with the other wall blocks.

Notes:

*Three colours available: Standstone Buff, Light Grey or Charcoal.
